Re: Deliveries

I want to take this time to update you on the status of our current business conditions. Just as you, we have been experiencing the effects of the Covid-19 pandemic and have seen first-hand the great disruption it has had on each of our businesses and to the economy.

While our factory in Mississippi was able to remain open during the country's mandatory shut down, the factories supplying us, from overseas and domestically, were faced with their own mandatory government-imposed closures. These closures have caused the worlds pipelines of parts and finished goods to dry-up. Not until these first line of suppliers **and their** suppliers come back to work at full capacity will the pipelines be flowing like they were before the pandemic.

The current demand for home furnishing we are all seeing has been unprecedented. We have been trying our absolute best to have our suppliers get us the parts we need, as quickly as they can, so we can satisfy your orders.

The following is a general overview of key product with approximate delivery dates:

- *Kitchen Decor*

 - Shiny White and other powder-coat finishes 189 & 96 Buckets 9/1 in SW

We appreciate your patience and during this exceedingly difficult and trying time.

Please stay safe and healthy.
